Moments of Joy

The above photos are just a small sampling of the simple but meaningful moments that occur in the house on a daily basis. Crafts, snuggling with a friend, tabletop bowling and a spontaneous sing a long are these types of meaningful moments for Guests, staff and volunteers. We hope you enjoy the photos!

A Little Bit of Humor

What do cavemen give their sweethearts?

Rock Candy

Caregiver Tip

Journaling can be a healing resource for a caregiver.

Here are a few tips that you can use to begin journaling:

Just do it. Like the Nike slogan, it's easiest to just begin.

One size does not fit all.

Don't evaluate the style.

Consider a medium that appeals to you.

Share... if you want to.

Joy's House serves families by providing exceptional adult day and caregiver services.
