## A Little

## Bit of Humor

Q. Why is Peter Pan flying all the time?

A. He Neverlands!

## Moments of Joy

The above photos show the fun times often spill out of the house. It was fitting that a portion of our Hawaii day celebrations took place in the sunshine. Our "reindeers" from our Christmas in July seemed to enjoy the fresh air, laughter and sunshine. We will be enjoying as many moments as possible outside until the weather gets to be too cold.

*Joy's House serves families by providing exceptional adult day and caregiver services.*
